What: Voyager Media Group is holding a **Photo History Forum** to gather insights from the community for production of *The Big Picture: A History of Photography in Greater Cincinnati*; a three-hour documentary series that examines the role of photography in the development of Greater Cincinnati from 1839 to 1939. The forum is free. Registration is not required. Voyager's production team will introduce *The Big Picture*, then open the floor for anyone who wants to talk about their photographic collections.
